Pre-operative care sheet

Your pet has been scheduled to attend Beech House Veterinary Surgery to undergo a surgical procedure. Please follow the advice given in this sheet.

- Your pet's food bowl must be removed no later than 8pm the night before the procedure, they can have water overnight.
- We strongly advise the use of a buster collar after the procedure to prevent your pet from causing infection by licking or removing any sutures.
- Read your consent form thoroughly and check that we have an up to date contact number for you.
- Inform a staff member if you wish an identity microchip to be placed whilst your pet is under anaesthetic.
- Unless otherwise advised, you will be asked to contact the surgery between 2pm & 3pm where we a member of staff will be able to update you on your pets progress & give you an appropriate time to collect your pet.

- A post-operative care sheet will be provided on collection of your pet, please read this carefully and follow the instructions given.
- An appointment will be made for a post-operative check-up 2-3 days after surgery and then another at 10-14 days after surgery.

If you have any questions regarding your pets operation please do not hesitate to contact us on 0161 7231759.
